

THARANI K

Computer Science & Software Engineering Student

Email: tharanik@gmail.com

Location: Tamil Nadu, India

PROFESSIONAL SUMMARY

Motivated Computer Science student specializing in frontend engineering. Skilled in creating responsive user interfaces, student academic portals, and interactive web tools with clean, modular code. Demonstrates continuous technical learning through certified coursework in Cloud Computing and Advanced Computer Networks.

KEY PROJECTS

Online Exam Portal

HTML, CSS, JavaScript

- Engineered a comprehensive examination portal with automated test grading and dynamic countdown timers.
- Implemented interactive UI components to streamline student test-taking and real-time score evaluation.

Mahendra CSE Portal

HTML, CSS, PHP

- Developed an academic department portal for CSE students featuring study resource distribution and a digital notice board.
- Built PHP backend logic for resource management and content updates.

Task Manager App

JavaScript, LocalStorage, CSS3

- Created a task management app with drag-and-drop Kanban columns and progress metrics tracking.
- Utilized LocalStorage for persistent client-side data management without external database dependency.

AI Assistant UI & Weather App

React, Weather API

- Designed a generative AI creative content studio interface featuring dark code widgets and prompt controls.
- Built a live weather forecast application with city search and climate metrics integration.

ACADEMIC FOCUS

- Algorithms & Core CS:** Data Structures, Object-Oriented Programming (Java), and problem-solving.
- Systems & Networking:** Operating Systems scheduling, memory management, and socket programming.

TECHNICAL SKILLS

Languages

JavaScript	PHP	HTML5/CSS3
Python	Java	

Web & Frameworks

React	Frontend Dev	UI/UX Design
REST APIs	Responsive Design	

Developer Tools

Git / GitHub	VS Code	Google AI Studio
--------------	---------	------------------

EDUCATION

B.E. / B.Tech in Computer Science

Anna University Affiliated College

2024 – Present | Tamil Nadu, India

CERTIFICATIONS

Cloud Computing

NPTEL / SWAYAM

12-Week Advanced Certification

Advanced Computer Networks

NPTEL / SWAYAM

Course Completion & Assessment

INTERESTS

- UI/UX Design
- Digital Content Creation
- Cloud Architecture
